Quality made certain. Satisfaction guaranteed.[™]

The are few ways to get an authentic wood shake look.

Landmark TL Ultimate just happens to offer the best.

Beyond providing security, your home is where you work, rest and play. Why not give it the recognition it deserves with a roof that has a distinctly beautiful look? Landmark TL Ultimate is a superior luxury shingle for replicating the rustic appearance of hand-split wood shakes. And as far as the protection it provides? That's superior, too.

Here's why Landmark TL Ultimate is special:

Triple-layer construction Built with three laminated layers of the industry's strongest materials, you'll get a shingle that's beyond thick. In fact, you'll have a level of durability that's unparalleled.

True shake beauty The thickness that gives Landmark TL Ultimate unmatched durability also ensures its natural appearance. Like a real wood shake, it's truly dimensional in shape, and it has distinct butted edges.

The look of wood (minus the worry)

Unlike wood, Landmark Ultimate won't rot or decay, and it offers excellent wind and fire resistance. Plus, with StreakFighter™ it will protect your roof from streaking and discoloration caused by airborne algae (available in most areas).

Landmark TL Ultimate. No other triple-layer shingle on the market has the look of a thick, butted wood shake. But more importantly, when you put it on your roof, few other homes around you will be quite as noticeable.

A lot of living goes on in your home.
Not just any roof will do.

Roofs are big. Color is important. Choose wisely.

1. **Think big**—View a full-sized shingle, not just a swatch or sample.
2. **Be real**—Look at actual houses where the house/roof color combinations are similar to what you're considering.
3. **Watch the light**—As you look, notice how colors appear under changing light conditions and at various times of day.
4. **Consider the pitch**—Look for roofs with a similar pitch to your own. A roof's pitch affects the way you see its color.
5. **Ask your contractor**—They might be able to point you to a home where they've installed a roof of your style and color.
